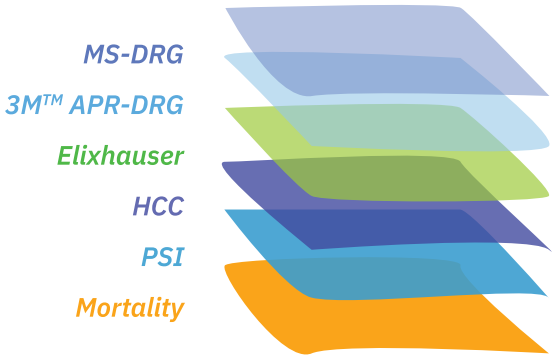
Save Your Margin

- **Our physician-trained AI performs a Second Level Review of *every chart*.**
- **Recover millions in revenue and quality opportunities—or pay nothing.**

Achieve *full revenue integrity* by reviewing over 30,000 data points per chart after concurrent CDI and Coding processes, but before Billing.

Unlock an additional $1M per 100 beds.



SmarterDx AI "trues up" billing data with the underlying clinical data. In the short term, this means more revenue for hospitals. In the long term, a cleaner data layer drives better healthcare operations, research, and outcomes.

We take 100% risk.

You realize additional margin after accounting for staff and IT costs—or pay nothing.
